[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 23

Rumors of Peace

LONDON, Oct 23.—There are rumors of an agreement made at Prussian headquarters by General Boyer, messenger of Bazaine, under which the Marshal is to march to Paris and declare for Napoleon. It is reported that England will immediately offer direct intervention for an armistice; that Lord Lyons and Lord Loftus have taken steps to that effect at Tours and Berlin, and that perfect accordance in the matter exists between England, Austria and Italy.

Austria Advocates an Armistice

VIENNA, Oct 22.—The Austrian Government, responding to representations of England, urgently advocates an armistice at Tours and Versailles.

England Makes a Proposition

TOURS, Oct 23.—It is understood that on Friday last England submitted here and at Berlin proposals for an armistice. Great hopes are entertained of the result.

Sortie from Paris

LONDON, Oct 21.—A sortie was made from Paris last night in the direction of Versailles. The Germans after some hours fighting drove the French back, taking 100 prisoners and two pieces of artillery. The loss of the besiegers was small and caused by a shell bursting in the midst of a battalion. The Germans took [illegible] prisoners at the capture of Orleans.

New French Armies

The following new army divisions have been formed in France: Division of the North, Gen. Bourbaki commanding, headquarters at Lille; Division of the West, Gen. Kerene commanding, headquarters at Mans; Division of the Center, Gen. [illegible], headquarters at Bourges; Division of the East, Gen. Cambriels, headquarters at Besancon.

Rumors of a revolution in Metz on the proclamation of a Republic and the assassination of Bazaine are pronounced as without the slightest foundation.

Minor Battles

BERLIN, Oct 23.—The health of the Emperor is improving.

TOURS, Oct 23.—An important action is reported in Hecourt. French scouts belonging to Ardeche's battalion and Francs Tireurs behaved with much gallantry. The Prussian force consisting of cavalry, infantry and artillery was repulsed with a loss of 100 killed. Our casualties are severe.

VERSAILLES, via BERLIN, [illegible]—All is quiet around Paris.

BERLIN, Oct 22.—Heavy fighting occurred to-day between Vesoy and Cussey from 9 A. M. till night. Result is unknown. It is reported that Zouaves and troops of Vosges distinguished themselves by vigorous bayonet charges.

TOURS, Oct 23.—The Moniteur announces that Bourbaki with 30 000 troops is going to Amiens.

The Minister of War received a dispatch from Paris dated 18th, which reports sorties frequent. The enemy suffers heavily and are compelled to keep on alert day and night. Prussians thus harassed are beginning to suffer from exposure.

Official intelligence says Prussians entered Montereau to-day and they have disappeared from Meuny and Beaugency.

England's Action

LONDON, Oct 22.—Empress Eugenie is in London, conferring with Lord Granville. Negotiations favorable for peace are progressing and England will ask for an armistice, not for purpose of electing Constituent Assembly, but restoration of the Empire. Eugenie is to enter France, and Bazaine is to leave Metz to protect her and restore order and peace. Trochu approves the plan.

BRUSSELS, Oct 23.—After Cabinet Council held on Friday Earl Granville telegraphed to the British Ministers at Tours, Berlin, St. Petersburg, Vienna and Florence with a new view of bringing about an armistice between France and Prussia until election and opening of the French Constituent Assembly. Answers were received but indicate early hostilities.

Old Men, Women and Children, Fighting

ROUEN, Oct 23.—At Ivry, in the Department of Eure, old men, women and children rose against the Prussians occupying that place. Numbers were killed on both sides. Ambulances are sent to the relief of wounded.

More Talk about Peace

LONDON, Oct 23.—Gladstone and Granville spent the whole day in consultation with the Prussian, Russian, Austrian and Italian Ambassadors and Gen. Berryer. The latter had an interview with Count Napoleon's Secretary at Murand and one with the Empress at Chiselhurst. It is reported that the Emperor and Bismarck agreed with the King and Bismarck upon a project of peace which includes the dismantling of fortresses in Eastern France and an indemnity by France to Germany of 6,000,000,000 francs in cattle, horses, grain and oil. No cession of territory is to be made unless the people of Alsace and Lorraine upon *plebiscite* should vote for annexation to Germany. Bazaine is to leave Metz and proclaim the Prince Imperial as Emperor, with the Empress as regent. It is added that the solution depends absolutely on the acceptance by King William of the condition introduced into the proposed arrangements by the Great Powers, that the cession of Alsace be determined by the people. The Powers insist on this, and it is rumored if Germany objects to it they will intervene by force to compel Prussia to withdraw her armies from France.

Nature of England's Proposition

LONDON, Oct [illegible].—The *Times'* special telegrams from Tours and Vienna announcing a proposal by England for an armistice are substantially true. The English Government concluded last week that the time had arrived for making another effort. They considered the moment critical and felt it their duty to try and do something. They have urged an armistice for the purpose of making certain representations to Prussia and France and asking the other Powers to join them in an effort to bring it about. The armistice is intended to allow a convention of the French Assembly. It is understood that Bismarck favors such a plan, but insists that the armistice must involve a practicable basis of peace. While the overtures of Great Britain have not been unfavorably received at both Tours and Versailles the British Government has small hopes of success. There is a chance, but only a chance that the present effort may produce a suspension of hostilities.

General Dispatches

NEW YORK, Oct [illegible].—There is nothing from the armies around the Orleans.

There are rumors that [illegible] that the French will make an attempt to retake Orleans.

Fears are entertained here concerning England's sullen determination. The eagerness of Great Britain to bring peace shows what England works for: Prussian rather than French interests, and the significance of her movements is apparent. The difficulty in taking Paris have been demonstrated. Besides the English are also aware that large French armies are prepared to take the offensive at the [illegible] [illegible] at hand [illegible] for the Germans to rapidly [illegible] in consequence, and that [illegible] preparations of formidable armies. The journals and the people not in this phase [illegible] England no credit for her [illegible] It is asserted here that the French government will not cede an inch of territory nor pay a franc of indemnity, and it is feared that the struggle will have to go on to the bitter end [illegible] prescribed by the Prussians are [illegible] [illegible] [illegible].

Garibaldi's Movements

TOURS, Oct 24.—No official news of Garibaldi's movements have been received. It is reported that he is rapidly organizing a [illegible] of [illegible] sharpshooters.

Terrible Storm in Cuba

NEW YORK, Oct 24.—We have received the details of a terrible storm which desolated Cuba last week. From 1,000 to 2,000 people were killed or drowned; 12,000 head of cattle lost and several vessels were wrecked. In Matanzas alone over four hundred houses were destroyed. Among the most horrible features of this calamity was the uprooting and sweeping away of a cemetery and scattering corpses through the adjacent country.

From China

LONDON, Oct 24.—Dates from Tientsin to October 7th were received to-day. The Chinese army is in motion and has already arrived at Takoo. The forts in that neighborhood are armed and provisioned. The Catholic Chapel at Fatshan has been burned by a mob of natives.

Miscellaneous War News

LONDON, Oct 24.—The German army now investing Paris have appropriated one day's pay to a fund for the relief of the sick and wounded. The amount collected aggregates 100,000 thalers.

It is asserted vaguely that the French have captured and taken to Dunkirk three large German steamers.

It is said here there is no evidence that Napoleon has accumulated a vast fortune.

A correspondent of the *Star* [illegible] strongly notes the eagerness of Bismarck to oblige American officers and American people while totally indifferent to the English.

The *Telegraph* is confident that the French loan will be eagerly accepted.

It is intimated that Russia is not joining England, Austria and Italy in efforts to bring about peace, but is acting independently and energetically in the same direction.

Raimbeaux, who saved the Czar's life when an attempt was made to assassinate him in Paris in June 1867, has just gone from Wilhelmshohe to St. Petersburg on a secret mission for Napoleon.

Deserters from Metz say the Prussian commander before that city is compelled to issue orders declining to admit them within the Prussian lines.

The journals praise the courage of the Prussian Landwehr before Mont De Valerin on the 2d inst.

It is said that the basis of peace likely to be accepted by the Prussians is a renunciation of territorial spoliation from France in recognition of Luxemburg. It is reported further that safe conduct has been asked for Thiers to enter Paris in order to obtain the acquiescence of the Government.

BESANCON, Oct 23.—Gen Cambriels' dispatch to the Government says: The Prussians again attacked Chatillon and were repulsed. At night they retreated. We hold the position and have taken many prisoners.

The bombardment of Schlestadt commenced on the 18th.

French Dispatches.

TOURS, Oct 24.—The journals give particulars of the alleged massacre of the French garrison which recently capitulated at Soissons. The soldiers are said to have been all shot in the woods near that city—butchered in cold blood. The Government has faith enough in the story to make it the subject of official inquiry with a view to retaliation.

The following intelligence is made public by the Minister of War: The Prussians while preparing to besiege La Ferte St. Aubin suddenly retreated, leaving behind all their utensils and great quantities of stores. They went toward Laon. It is said a messenger arrived in the German camp and his intelligence caused the sudden departure.

It is reported that the Prussians have suffered a defeat with heavy loss at a point in the neighborhood of La Ferte and troops have been hastily withdrawn to reinforce their beaten army.

News is received from Verdun that the garrison made a sortie and drove the enemy from several positions, killing many and capturing two mortars and 22 cannon.

Advices from invaded Provinces show that the Prussians continue to shoot Francs Tireurs who fall in their hands.

News via London

ST. QUENTIN, Oct 24.—This city was evacuated yesterday. The siege of Laferte is abandoned.

The corps under the Duke of Mecklenburg is returning to Paris.

A meeting among Soissons prisoners resulted in bloodshed. Seven Mobiles were killed and three wounded.

LONDON, Oct 24.—A Luxembourg permanent committee has been appointed to defend the neutrality of the Duchy. The population are indignant at the disposition of the Tours Government to cede the Duchy to Prussia instead of Lorraine.

Dispatches from Tours

TOURS, Oct 24.—An armistice is not yet concluded, but hope is entertained of peace. All are surprised at the attitude of England. Having paid no attention to Thiers, she suddenly does much more than was asked of her, takes the initiative, and proposes bluntly a suspension of arms to allow an election of members of the Constituent Assembly, who may make peace. Many persons incline to the belief that the English Cabinet is acting by the advice of the Prussians, who stopped indefinitely before Paris and have made known to England that the time has come for action on her part.

It is reported to-day in explanation of Gen Boyer's visit to the King of Prussia that offers of peace were made to Bazaine and he was invited to send an embassy to Versailles.

People in official circles dwell on the circumstance that the present move of England follows close on the circular in which Bismarck affects such concern lest the Parisians may suffer the horrors of famine. They declare that France must act with courage now, or she must accept no humiliating terms.

LONDON, Oct 24.—There are rumors here that conditions of peace have been signed between Bazaine and King William, by whom it is stipulated the Empress Eugenie has given her consent to go to Versailles and sign a treaty as the representative of the only government recognized by Prussia.

Further from Tours

TOURS, Oct 24.—Orleans is now occupied by 25,000 Prussians with 60 pieces of artillery. The enemy have made fresh requisitions on the city.

The Government avoids giving information of the French forces on the Loire, but it may be stated that they are in motion and the result will soon be known.

It is stated on good authority that the intervention of England in favor of an armistice is induced by an apprehension of ulterior designs on the part of Russia and Prussia to form a close alliance. The fact that Russia is quietly arming is well known despite her official denials. England begins to see that the utter prostration of France would deprive her of the only strong ally to be depended upon for the frustration of Russia's political schemes in the East.

An uneasy feeling prevails in financial circles. It is anticipated that should the efforts of England fail she will adopt other and stronger measures to secure a cessation of the war.

The Afghan War

ST. PETERSBURG, Oct 24.—A battle has occurred near Candahar which is thought to have settled the Afghan war in favor of Yakoob.

Another Rumor

EASTERN STATES

Election Law to be Enforced in New York

NEW YORK, Oct 2[illegible].—It is understood that Akerman, Attorney General of the United States, arrived this evening for the purpose of consulting with District Attorney Noah Davis and Marshal Sharpe as to measures for the enforcement of the election laws. The Attorney General declares that Government power is to be exerted for the enforcement of the law.

The *Times'* special dated Washington last evening says: Dispatches received here from New York giving an account of resistance to U. S. officers in their duties in enforcing the laws of Congress created quite a breeze for a dull day. Attorney General Akerman left for New York to-day and will investigate the facts to-morrow. The people of New York may rest assured that the laws will be enforced and that the U. S. officers will be protected and sustained in the execution of their duty. Of this they will have ample evidence before to-morrow night.

A trustworthy dispatch says that the disposition of the English Cabinet is to adjust questions at issue in a manner satisfactory to our Government and favorable to the claims of American fishermen.

Details of recent disasters at sea caused by the terrible gale of a few days ago are coming to hand. The list of lost vessels increases. We have already a record of sixteen wrecks on the Florida coast, including New Orleans and New York. The steamer *Mariposa* is probably a total loss.

The *Republican* of Charleston of the 21st says that the Republican party is thoroughly victorious, making a clean sweep of the State by 20,000 majority on the Congressional ticket, and electing more than two-thirds of each branch of the Legislature. Also that they have succeeded in at least nineteen of the thirty one counties in the State. The Charleston *Courier* on the other hand insists that a fair count of the votes would show a majority for the opposition ticket, but that a fair count will not be had. The Charleston *News* concedes the election of the Republican State ticket, but claims the election of Col. McClessen (Union Reform) for Congress from the 4th District.

WASHINGTON CITY.

WASHINGTON, Oct 2[illegible].—The latest rumor is that Senator Morton declines the English mission and that it will be tendered to Cresswell. Should the latter accept Col Forney will be made Post-master General.

INTERIOR CALIFORNIA DISPATCHES.

MARYSVILLE, Oct 24.—The residence of Mr Terry, corner of Fifth street and Commercial alley, was broken into by burglars last evening and two large trunks were taken from the house to an adjoining lot, broken open and a lot of clothing stolen, but the thieves overlooked a lot of silver ware and jewelry.

A beer jerker undertook to commit suicide this forenoon by stabbing herself in the thigh.

VISALIA, Oct 25.—A Mexican named Manuel Bareles was shot and instantly killed on Friday night by James McCrary. Bareles was standing in a saloon engaged in conversation with his back to the door when McCrary appeared at the door with a shot gun loaded with buckshot and fired at Bareles, blowing nearly half his head off. The testimony at the preliminary examination yesterday failed to show any previous trouble, though McCrary claims that deceased had threatened his life. The prisoner was committed to await action of the Grand Jury.

The jury in the case of J. E. Edwards, charged with killing Regan July 4th, failed to agree after being out 48 hours and were discharged.

It has rained incessantly since Saturday night and as yet there is no prospect of an abatement.

STOCKTON, Oct 25.—The bridge about a mile east of Pleasanton on Western Pacific railroad was destroyed by fire last night. The eastern bound train to-day was two hours behind time in consequence.

A beautiful display of the aurora borealis was plainly visible here at 4 o'clock this forenoon.

VIRGINIA, Oct 25.—In the fight in seven mile canyon to-day R. H. Lindsay was shot in the thigh, Dick Paddock had his shoulder blade broken, a man named Prentis' head was badly beaten, and Leslie Blackburn shot through his coat.

This afternoon Frank Rank, teamster, coming down Illinois Canyon about 10 miles from Dayton, slipped from his saddle horse and the wagon, loaded with wood, passed over and injured him so severely that he died shortly afterward. It is supposed the deceased was intoxicated at the time of the accident.

Wells Fargo & Co shipped to-night 22 bars bullion valued at $20,897 32.

NEVADA.

VIRGINIA CITY, Oct 24.—A man reported lost in the fire on Sunday morning has turned up all right. It is now positively known that there were no lives lost.

300 tons of ore are taken out of the Chollar Potosi mine daily. That taken out last week averages $69 per ton.

A number of rows occurred on Sunday morning after the fire, in one of which officer Higbee was accidentally shot in the left leg.

The loss by the fire above mentioned is estimated at $50,000; insured for 14,200.

Billy Irascomb and Geo Owen will play a match game of billiards for $100 at noon on the 29th.

W. F. & Co ship to-night seven bars, valued at $16,119 12.

WEDNESDAY MORNING OCTOBER 26 1870

A Beautiful System

The other day we printed an indictment by Brick Pomeroy against the great organization in which the [illegible] and national Democracy centres, Tammany Hall. And now we present another by the New York *Free Press*, the organ of the Young Democracy of that city

We charge that in the city of New York what is called "counting in" or "counting out" has come to be so common that it is no longer regarded by the men who, in the sacred name of Justice, administer the law, as a crime against the conscience of society

We charge that elections whether general or primary are always manipulated with a direct view to the benefit of themselves and their followers.

We charge that the Bench of the city of New York equally with the press is a tool in the hands of the oligarchy of Tammany and that it is used openly to shield criminals instead of prosecuting them to conviction and punishment.

We charge that of the twenty millions of dollars annually levied in the form of taxes in the city and county of New York not less than five millions are applied to purposes not legitimate namely to the enrichment of the pluralists themselves to the buying of newspapers to the maintenance of "repeaters" whose business it is besides voting many times at every poll they can approach to "regulate" primary elections, and brow beat, and if necessary drive away men who because of their honesty, are known to be obnoxious to their employers—the ruling oligarchs

This arraignment of Tammany and exposure of the means by which Tammany perpetuates its power agrees perfectly with the statements of Brick Pomeroy who has always been quoted in these parts as an unimpeachable Democratic authority The *gist* of these charges is that Tammany hires ruffians to go from poll to poll stuffing ballot boxes and repeating their votes, and that power thus acquired is used in plundering the city, and in shielding criminals, including the ballot-box stuffers, through a corrupt judiciary The New York *Tribune* compares the vote with the census returns in a large number of districts, from which we take the following

Wards.	Dist	Vote—May 1870 Rep	Dem	Total	Population
1st	6	86	224	310	962
2d	1	24	143	167	365
3d	2	55	243	303	640
4th	3	72	266	338	885
6th.	2	9	183	195	528
6th	9	14	1 031	1 046	1 643
6th	10	50	884	934	870
6th	11	36	1,074	1 110	2 196
8th	1	90	465	555	1 425
8th	3	15	942	[illegible]	1 140
8th	5	32	833	865	1 034
8th	12	64	870	34	1,958
8th	15	19	1 003	1 022	1,710
Total		571	6 904	[illegible]	15,956

It will thus be seen that the vote in these districts, aggregating them together is just about half as large as the entire population including men, women, children and aliens In the tenth district of the Sixth Ward the Democratic vote considerably exceeds the entire population in the ninth district, same ward, it nearly equals the total population Most of the districts above enumerated are filled with tenement houses which shows that the non-voting population is large Yet by Tammany's system of flitting from poll to poll the vote is made to equal or nearly equal the aggregate population This is the system that Tammany proposes to fight for in case the United States authorities attempt to interfere with it! The dispatches, however state preparations are making to enforce the laws, and that there will be no nonsense about it

Peace Rumors

The dispatches indicate that Great Britain is moving earnestly to secure peace So many confirmatory statements are made about the matter that there can be no doubt of it How far she may be disposed to go is now a question that begins to assume some phases of interest Probably however no further than a tender of her good offices to bring about an armistice, coupled with earnest appeals for a conclusion of peace That Great Britain would be glad to see the Empire restored does not admit a doubt France under the Empire would be more her ally than France under a Republic Germany, also, would not be averse to the restoration of the Emperor The point which Germany will insist upon will be indemnity for the war, both in territory and money It is quite certain that no armistice will be granted, unless assurances are first given that it will lead to a permanent peace on a basis advantageous to Germany

There is plausibility in the statement that England is afraid that in case the power of France is utterly broken, she will have no ally to assist in checking the progress of Russia in the East. There is good ground for this supposition and if England is disposed to mediate, with this idea in view, to prevent France from becoming too seriously crippled to take any further leading part in European affairs, she is acting on an intelligible purpose But she will be unable to keep Napoleon on the throne It required the united strength of all the powers of Europe to drive the first Napoleon from France The united strength of all the powers cannot keep the third Napoleon there after the disgrace he has brought on the French name

What is the Governor's share in the great swindle on the school fund A little attention to a fact or two will show the pertinency of this inquiry When the bill to authorize the robbery passed the House a member (Mr McClain) gave notice that he would move a reconsideration This notice should have been good for three days But the bill went to the Governor who immediately signed it and thus an opportunity to reconsider was not allowed What was the occasion of his Excellency's haste? We knew that Senator Kelly had a personal interest in the job now what part of the profits of this spoliation of the school fund does the Governor expect to receive?

Ten years ago South Carolina was seceding from the Union and preparing for civil war because a Republican was elected President Now, South Carolina gives twenty thousand Republican majority and the old secession fire-eating Democracy are obsolete It is pretty clear to all except such blind Bourbons as the Oregon Democracy that something has happened in this country

The atrocious robbery of the school fund and the violation of the Constitution to effect it, perpetrated by the present Legislature will be an issue in our next election Then the people will have an opportunity to decide whether they will sanction such robbery as this, to put money in the pockets of pets of the Democratic party.

The *Herald* has labored for a week with all its might to prevent the passage of the railroad amendment to the city charter Yet that measure has passed by a two-thirds vote in a Legislature which is two thirds Democratic The *Herald* is a powerful organ with its party

On the 12th inst Col B H Bristow of Kentucky was commissioned Solicitor General. Col Bristow was District Attorney in Kentucky and is known to be a man of worth and ability The appointment gives general satisfaction

FROM THE STATE CAPITAL

[illegible]

SALEM Monday [illegible]

[illegible]

Contrary to the expectations of many, there was a quorum in each house at the opening this morning The Senators were all present at roll call or soon after except Thompson, absent on leave The House however, was rather thin throughout the day There are several members away temporarily on account of sickness [illegible] business for which they [illegible] particularly will be [illegible] Wednesday Some of the members who were anxious to adjourn last Saturday night now declare they will stay two weeks if they can but I do not think a majority can be induced to stay longer than Wednesday Business has not been hurried so much to day as on the last three days of last week [Since writing the above I learn that the Democratic caucus has agreed to go for adjournment at 12 M Wednesday]

THE TWO HOUSES AT LOGGERHEADS

Notwithstanding that both houses are largely Democratic and most matters are settled in caucus It has been impossible to keep between the Senate and House anything like continued accord in business matters Early in the session the House killed off a number of propositions originating in the Senate whereat some of the Senators got their backs up very high and have been ever since seeking opportunity for revenge The parties to the war have been getting, daily more implacable and the prospect is that the State will be materially benefitted by the havoc made in the Senate upon House bills, and *vice versa* It is a very common thing to hear the inquiry when a House bill comes in whose bill is that If it happens to be the work of any man who has been instrumental in the slaughter of pet measures of the Senate up rises the war club and after the usual preliminary circling whirls through the air and swash down it comes with a thud and down drops the victim, bloody, quivering and lying or stone dead To day the Senatorial rage is at fever heat at the second death and damnation of the Sandy Dalles wagon road bill in the House When it was killed the first time it was tumbled into the grave for the want of two more 'yeas, or in the language of a well known, rolling lobby diplomat, there were only two men to 'fix' to get it through The 'fixing' business was at once set in motion and yesterday, every thing being "fixed, a post mortem was held on the bill, the vote by which its funeral was ordered was reconsidered and once more it lived with apparent prospects of a prolonged and happy existence But, alas, for human hopes! The bill had been killed altogether too dead in the first place Certain uncertain members who had spoken and voted for the bill on its first pendency now turned their posterior appendages upon it and voted it back into the sepulchre, and there it sleeps to night the sleep that knows no waking To morrow there will be another slaughter of House bills or else there is no human nature in man

THE RAILROAD CHARTER AMENDMENT

The lobby fight upon this bill is furious and profane A few men who fancy themselves pois and whenever they hear Holladay's name mentioned are here trying to move heaven earth and hell against it One of the remonstrances contains the name of one property holder or "capitalist so called," who in an evident fit of "sensitive" enthusiasm signed his name as one of a firm, then on his private individual responsibility and then something like a dozen times as attorney in fact for John Doe Richard Roe Tom Dick and Harry of the Smith family, Tom, Dick and Harry of the Jones family and so on through the Browses the Fubbses Dubbses Tubbses, etc , etc The display of names is overpoweringly magnificent, and it is something to go to the very core of a humanly kind heart to see the ostentatious but proudly honest triumph which blazes out all over the face of our brother Sylvester as he unrolls the ponderous parchment and points to that long array of names as something which must strike conviction to the mind of the most obdurately unbelieving man in this world or any other I would as soon think of destroying the last earthly prop of an orphan, sick and blind widow, or steal away the affections of a tabby cat from a lone lorn maiden of fifty as to take that name from Sylvester's remonstrance. I would not for my hope of Heaven or fear of 'tother place destroy such heavenly ecstacy in any human heart as dwells in Sylvester's as he totes that document or spreads it out and waits to see the awe-stricken expression which he knows must come upon the face of him who looks upon that multitudinous name I am cured of all disbelief in the theory of heavenly moments even on this vile globe and am ready to tackle any man, or woman either, who may deny that seraphic ecstacy sometimes floods the human heart But I was about to say something of the Charter Amendment bill. It went through the Senate all right. In the House there were objections to some of its provisions, and its friends proposed to amend so as to obviate them But Hayden, who favors the bill offered amendments to the following effect strike out $50 000 (the limit of city indebtedness) and insert $100 000 strike out the designation of the Portland, McMinnville and Astoria Railroad Company, and insert the Wallamet Valley Railroad Company provide that forty miles of the road shall be completed before the final payment of the subsidy and making a couple of verbal changes, not essential Pending these amendments, to simplify the process of amendment, the bill was referred to a special committee consisting of Messrs Lockhart, Townsend and Whalley all of whom are understood to be friends of the bill The committee will report to morrow morning and the fate of the bill will be soon known I hear incidentally that an attempt will be made by the enemies of the bill, to bring the power of caucus to bear against it but I guess it won't win If the bill be eventually beaten, it won't be by reason of a caucus decision

In this connection I may mention that the *Herald* people got out a gorgeous extra (printed in this city) on Sunday and had it distributed generally in the Senate and House this morning It has a 'stick' full or two of sensation heads—'The $800 000 swindle' 'Holladay wants to be reimbursed his election expenses etc The document itself is a cross (in structure) between Pennoyer and Sample's very unsuccessful imitation of Brick Pomeroy As a specimen of what it styles the 'argument' against the bill I quote the following

A bill has already passed this Legislature providing for an indebtedness of four hundred thousand dollars for the purpose of erecting gas works and water works and one hundred thousand for general purposes If this Holladay swindle goes through, the total indebtedness of the city will be in a short time, eight hundred thousand dollars This enormous debt will have to be borne by a population of only 9 100 souls The figures appear startling when set out in detail The amount will be $9 and over for each man woman and child or $15 and over for each voter counting the vote at 1 300 which is about correct as evidenced last June

The above argument comes to explain that of the $800 000 indebtedness, saddled or about to be saddled upon the city all in excess of the $300 000 was saddled upon it through the [illegible] bill by the men who are now so frantically ranting about the enormous debt Those gentlemen beseech the Legislature to provide for a debt of $500 000 taking the $800 000 figure as correct) the most of which may be termed a job and then they are horrified at the idea of creating a debt of $300 000 in aid of a public enterprise calculated to develop the resources of the State and to ease its commerce double and treble values and to build up and enrich the city of Portland

A VETO A VETO

To day the Governor sent in a veto of the bill to increase the salaries of the Supreme and Circuit Judges on the ground of its unconstitutionality This would have been well enough had he not undertaken at the same time to excuse his approval of the bills to increase the salaries of the Secretary and Treasurer of State These bills were constitutional ( ) because they provide for the employment and compensation of clerical aid—an imperative necessity A complete travesty of this would be a bill to provide for a Private Secretary to each of the Judges and then appropriated $3 000 to each for the purpose of paying for "clerical aid" I am surprised that some of the ingenuity which suggested paying the Secretary and Treasurer, through the pockets of a straw assistant, was not brought into requisition in framing the bill to increase the salaries of judges The Senate didn't scare worth a cent at the veto The lawyers who had voted for the bill scouted the idea that Grover although a Governor understood constitutional law any slicker than they and they assured the other members that they (the lawyers) professional reputations might be relied upon that the bill was chock full of constitutionality and so the bill passed by the requisite two thirds vote, notwithstanding the veto In the House a motion to the original supporters of the bill went back on it or were [illegible] and the bill failed

SALEM Tuesday [illegible]

[illegible] CHARTER AMENDMENT

The Special Committee of the House to whom was referred the bill to amend the Charter of Portland, reported at 10 o'clock this morning as per instructions As a piece of chirographic workmanship the bill was not much [illegible] having been several times amended since engrossed by tacking on slips of paper [illegible] The Clerk made a terrible job of reading it and some of the members got nearly as badly tangled in their understandings of it as was the bill in its mechanical organization There was a suggestion from Mr Whiteaker that the bill be copied into shape so that he could understand it He was in favor of the bill if he could only know what it meant Helm was in the same state of mind In order that he might favor the bill and understand it at the same time he moved to recommit to the Special Committee with instructions to make a fair copy which was agreed to and the committee was instructed to report at 2 P M

WHO ARE TO BE ELECTED

The Democratic caucus held last evening agreed upon the election of the following subordinate officers of the State For Pilot Commissioners Nat H Lane of East Portland Gen Adair and Capt Rodgers of Astoria For State Librarian a Mr Ryan of the Dalles formerly a member of the Legislature from Wasco In anticipation of the passage of bills pending O C Carl of Salem was nominated for State Reporter and Supreme Court Clerk and Prof Campbell, of the Multnomah College, for State Superintendent of Common Schools The joint convention for the election of these officers will probably meet this afternoon

EAST PORTLAND INCORPORATED

The House Bill to incorporate East Portland passed the Senate this morning without objection I understand that there is some pressure however brought to bear upon the Governor to induce him to veto it the argument being that the bill is supposed to be a Holladay measure

BY STATE TELEGRAPH

From Salem

SALEM Oct 25 —Gov Grover vetoed the bill increasing the salaries of Judges of the Supreme and Circuit Courts from $2 000 to $3 000 per annum The bill passed in the Senate over the veto but failed in the House The vote stood 20 ayes 20 nays

The bill granting $300 000 subsidy to Ben Holladay's west side road passed the House this evening It is intimated that Gov Grover will veto the bill, in which case it will fail to become a law

JACKSONVILLE Ogn , Oct 25 —The store of M Menson was entered last night by a burglar and robbed of gold dust coin jewelry and other articles to the amount of $2 500 or $3 000 The entrance to the store was effected by cutting through a brick wall twenty inches thick The money, amounting to about $2 000 was taken from an excellent combination safe, which the burglar entered by cutting through and removing the lock The burglar left a scientific set of burglar's tools and his boots at the store The citizens will offer a reward of $250 for his arrest

—The following dispatch came from reporter at Salem last evening: "The Portland Railroad Charter Amendment has passed the 33 to 14."

AN EARLY PIONEER.

Among the passengers who go East to-day, we notice the name of Rev. H. H. Spalding of the Presbyterian Church. Mr. Spalding came to Oregon in company with Dr. Whitman, missionaries of the American Board of Missions. Mrs. Spalding and Mrs. Whitman were the first white women to cross the Rocky Mountains and the Continent. This hazardous but heroic act settled the question that families could cross to the Pacific, and really established the emigrant route. Dr. Whitman established himself among the Cayuse Indians at Waiilatpu near the present town of Walla Walla. Mr. Spalding was located among the Nez Perces at Lapwai, 125 miles east from Doctor Whitman's station. These missions prospered for eleven years, when they were broken up, together with all the American settlements in middle Oregon by what is known as the "Whitman Massacre." This massacre, which commenced November 29th, 1847, and continued for eight days, destroyed Dr. Whitman, Mrs. Whitman, Mrs. Spalding, and Mr. Rogers—missionaries—five of the Doctor's adopted children, and seven others, American emigrants, stopping to winter at the station, and the war to exterminate the Americans on this coast was commenced by it. When the missionaries arrived they found the natives in a wretched state—destitute of everything—not a hoe, plow, ox or cow, without letters or a knowledge of salvation. The following extracts from a memorial to Gov. Ballard, signed by Gov. Grover, Rev. E. R. Geary, and over seven hundred others of the best citizens of Oregon, will show what was done among the Nez Perces in so short a time:

"That this should be so soon changed: the 'desert to bud and blossom;' fields to wave with grain: from 15,000 to 20,000 bushels of grain harvested last year by the Nez Perces; orchards and gardens planted; cattle roving in bands, schools established in which from one hundred to five hundred souls were in daily attendance; portions of God's Word translated and printed (the only instance on the coast) and printed on the first press in Oregon; women spinning and weaving; over one hundred adorning the Christian faith; the Church organized, and family altars erected, speak *volumes* for the efficiency and fidelity of Mr. Spalding and his estimable wife." "Agent Anderson, for several years in charge of the Nez Perces Nation, does not, in our judgment, exaggerate in saying that the friendly relations always maintained by the Nez Perces with the Americans is, in a great measure, to be attributed to the influence and teachings of Mr. Spalding, and that in his opinion Mr. Spalding, by his own personal labors, has accomplished more good for this tribe than all the money expended by the Government has been able to accomplish." "This people (the Nez Perces) whose integrity and friendship have often saved our frontiers from the blood and desolation of savage war, and the National Treasury the expense of millions of dollars in military expenditures," etc., "all of which is very respectfully submitted. With high personal esteem we are, sir, your obedient serv'ts. E. R. Geary, L. F. Grover, T. R. Cornelius, and others."

Probably few other persons could have outlived the terrific suffering to which Mr. Spalding was subjected during his wonderful escape at the time of the massacre. He was six days and nights without food or sleep, half the time barefooted on frozen ground among sharp rocks and prickly pears, his feet horribly gashed and swelled, every step driving the burning needles deeper. And thus he was compelled to travel nights in thick darkness, feeling his way, and hiding by day. Mr. Spalding returns to the Eastern States with the best wishes of his numerous friends on this coast. He goes with abundant testimony of the highest character to meet the allegations published in "Ex. Doc. No. 38 of the 35th Congress," which reflect severely upon the character of the martyr, Doctor Whitman.

THE OREGON LEGISLATURE.

Sixth Biennial Session

SENATE—Afternoon Session

SALEM, Monday, Oct. 24

The Senate met pursuant to adjournment.

MESSAGE FROM THE GOVERNOR—A VETO

A message from the Governor was received, returning without his signature S. B. 52, to regulate the times and places of holding terms of the Supreme Court and to fix the salaries of the Judges thereof, and stating his objections to the bill. The Governor holds that the provisions in the bill for the increase of the salaries of the Judges conflict with the Constitution (Art. XIII, Sec. 1), which fixes the salaries of State and Judicial officers, and provides that they shall receive no fees whatever. He argued that it was the design of the Constitution to place a limit to the salaries of all the officers therein named—or in other words that the salaries are "fixed." The Governor takes occasion to say that it is within the constitutional limit to provide for the efficient working organization of all the departments of the State Government, by providing for all the necessary subordinates and just compensation for their services—not only constitutional, but imperative.

The message and bill went to the table, to come up in the proper order.

CONFERENCE COMMITTEE

A message was received from the House announcing the appointment of a committee upon the disagreement of the two Houses upon S. B. 8, relating to the separation of the offices of County Clerk and Recorder in certain counties.

The President appointed on such committee on the part of the Senate, Messrs. Trevitt, Hendershott and Strahan.

AMENDMENTS TO THE CONSTITUTION

S. J. R. 22, proposing amendments to the State Constitution was taken from the table.

Mr. Baldwin moved to adopt.

The resolution was opposed by Mr. Cochran, who thought it a dangerous precedent. Messrs. Baldwin and Fay spoke in favor of the resolution, urging that all salaries of State officers and members of the Legislature are too low.

The ayes and nays on the passage of the resolution were as follows:

Yeas—Messrs. Baldwin, Brown of Baker, Burch, Cornelius, Hendershott, Holaclaw, Mosher, Newby, Patterson, Stout, Strahan and Mr. President—12.

Nays—Messrs. Brown of Marion, Cochran, Crawford, Hoult, Lieuallen and Moores—6.

So the resolution was adopted.

INCREASE OF SCHOOL TAX.

S. B. 70, to provide for an increase of the school tax, was taken from the table. [It requires County Commissioners to levy, along with other taxes, four mills on the dollar for school purposes.] The bill passed.

S. B. 52, to regulate the times and places of holding the terms of the Supreme Court, and to fix the salaries of the Justices thereof, together with the veto message of the Governor, was taken from the table and the question being "Shall the bill pass, notwithstanding the Governor's veto?" the yeas and nays were as follows:

Yeas—Messrs. Baldwin, Brown of Baker, Brown of Marion, Hendershott, Hoult, Moores, Patterson, Powell, Stout, Strahan, Trevitt and the President—13.

Nays—Messrs. Burch, Cochran, Crawford, Holaclaw, Lieuallen and Newby—6.

So the bill passed, notwithstanding the veto.

ANOTHER BATCH OF RELIEFS

The following House Bills were received by message:

H. B. —, for the relief of Josephine county. [Remits State taxes due from the county for several years, amounting to $939 80.] The bill passed—15 to 3.

H. B. 73, for the exemption of firemen from payment of poll and road taxes. Passed—yeas 18.

H. J. R. 30, to pay W. E. Howell $50, for services as clerk of the Penitentiary Investigating Committee. Referred to the Committee on Claims.

H. B. 61, for the relief of Douglas county. [Remits interest on a judgment obtained by the State against the county for unpaid taxes of 1863—amounting to about $700—no amount mentioned in the bill.] Bill referred to the Committee on Claims.

OTHER HOUSE BILLS RECEIVED

H. B. 80, to regulate the salaries of Judges and Clerks of the counties of Umatilla and Grant.

H. B. 66, relating to assessors and the assessment and collection of taxes. Referred to the Judiciary Committee.

H. B. 58—To separate the offices of Clerk and Recorder in certain cases.

H. B. 60—To amend the general law relative to oysters and salmon. Referred to the Committee on Commerce.

H. B. 67—To incorporate the town of Clatsop. Referred to a special committee—Messrs. Cornelius, Trevitt and Hendershott.

At 4:45 P. M. the Senate adjourned till 9 A. M. to-morrow.

HOUSE—Morning Session.

SALEM, Monday, Oct. 24

The House was called to order at 10 A. M. by the Speaker.

THE PORTLAND CHARTER AMENDMENT.

S. B. 77. An Act to amend an Act entitled an Act to incorporate the city of Portland, approved October 24th, 1864. [This is the bill to authorize the city of Portland to pay $500,000 to secure the terminus of the Portland, McMinnville and Astoria railroad within the city of Portland.] The bill was read the first time.

Mr. Hayden—I move that the rules be suspended and that the bill be read a second time by title now. I will state my reason for making the motion. I desire the bill to be referred to a committee. I do not think the members of the House understand the object of the bill as well as they ought to. I have some amendments that I propose to submit to a committee if referred.

Mr. Amis—There is no reason why that bill should be crowded before other measures of vastly more importance to the people than this.

Mr. Hayden—I regard this as an important bill. The session is now drawing to a close and members are becoming restless. I therefore desire to see every bill read the second time under suspension of the rules, so that business may be expedited as much as possible. I am of opinion that this bill needs perfecting, and as it ought to be acted upon by the House. The rules were suspended—ayes 23, noes 3—Messrs. Amis and Wells voted no.

Mr. Hayden offered five amendments the object of which are to make the bill conform in its first section to the act of October 21, 1870; to provide that the indebtedness of Portland shall never exceed $100,000 instead of $50,000 as fixed by the bill; to strike out "Portland, Astoria and McMinnville Railroad," etc., and insert the words "Wallamette Valley Railway Company," heretofore incorporated under the laws of this State, by articles of incorporation filed in the office of the Secretary of State, the 19th day of July, 1870, to commence and construct its road on a track from and within the limits of the city of Portland, as defined by Section 1 of the Act to incorporate said city, approved October 24th, 1864, and if such person or persons shall cause or procure such railway company to locate, construct, and establish its terminal depot within the present limits of the city of Portland; and also an amendment to provide that forty instead of seventy-five of the $1,000 bonds shall be due the company on the completion of the four miles of railroad.

Mr. Lockhart—I move that this bill and the proposed amendments be committed to a select committee of three with instructions to report at pleasure.

Mr. Dorris—I hope the bill will not be referred, and for this reason: A reference as proposed with instructions to report at pleasure defeats the bill. I do not propose to say at this time whether I am going to vote for or against the bill, but I want the bill as it stands to come up on its merits. It is a local measure, and I can see no necessity for referring it. It is to defeat the bill entirely, I think, and I hope that if the members of this House intend that the people of Portland shall say whether or not a tax for this purpose shall be levied, they will vote against the reference. You can vote down the bill as well when it comes up upon its passage as now. If the committee are left to report at pleasure it may never report at all. It simply provides that the charter may be so amended as to allow the City Council to enable the people to pay a tax in order to carry out a certain enterprise—that is all it asks. I cannot see that the amendments will add anything to it. On the contrary, they will defeat the bill. Let it come up on its merits.

Mr. Lockhart—This motion is not made in enmity to this bill, as intimated by the gentleman from Lane, by any means. It is for the purpose of getting the bill in a shape to meet the approval of the people of Portland. I am not hostile, but friendly to the bill.

Mr. Hayden—I said that the motion was for the purpose of perfecting the bill. That was my object. I am in hopes that the motion to refer to the Judiciary Committee will not prevail, and that the motion to refer to the select committee will prevail. Standing committees are organized for the purpose of considering matters which relate to the general interests of the State at large. In all local matters it is usual to appoint select committees and to refer all these questions that savor of a local nature to such committees. I hope the motion to refer to a select committee will prevail.

The motion failed. Noes 24, ayes 14—Messrs. Alexander, Amis, Carlisle, De Shiel, Fulton, Helm, Munkers, Shuck, Wells and Whiteaker voted aye.

Mr. Dorris—I move to amend by striking out "report at pleasure," and inserting "2 P. M. to-day."

The Speaker—Perhaps it is not proper to state here, but I will state that it is understood that the Democrats are to have a caucus to-night, and I do not think it is right for Democrats to get up here and propose to have a session at that hour.

Mr. Dorris—I am not here as a Democrat, Mr. Speaker.

Mr. Amis—I will say that if this bill is to be caucused upon, I have not been consulted about it.

The Speaker—The gentleman misunderstood me, I presume. He was in caucus as well as the Chair, and knows we agreed to meet to-night, and not upon this or any bill in particular.

The motion to commit to a special committee prevailed, and the Speaker appointed Messrs. Lockhart, Townsend and Whalley as such committee.

At 11 15 the House adjourned.

Afternoon Session.

SALEM, Monday, Oct. 24th.

The House met at 1½ o'clock P. M., the Speaker in the chair.

A message from the Governor announced his having signed S. B. 41, an Act to permanently locate the Agricultural College.

TAXING EXPORTED LUMBER

S. B. 40, an Act relating to Assessors was read the first time.

S. B. 51, an Act to protect the general revenue of the State and school fund, was read the first time.

Mr. Lockhart—I object to this bill. It is a proposition to levy an export duty upon the lumber trade of this State. It is aimed at the lumber trade. It is an unjust discrimination against that important industry. Why not bring a like duty upon grain or any other article of our produce? It is already a matter of the greatest difficulty that the lumber merchants of my section of the State are able to compete with those of Puget Sound. This bill would virtually prohibit the exportation of any lumber from the State.

The bill was rejected.

ELECTIONS—SWAMP LANDS.

S. B. 45, an Act relating to elections, was read the first and second times.

S. B. 31, an Act to provide for the selection and sale of the swamp and overflowed lands belonging to the State of Oregon.

Mr. Starkweather opposed them as being a waste of money, the lands to be sold under the bill providing salaries to officers to make selections of unsurveyed lands by describing them with landmarks—ditches, mounds, etc. He was quite sure such selections would be of no avail, and thought the bill defective in all its parts.

Mr. Hayden said the bill was designed to secure the location of the valuable swamp lands before they should be "gobbled up" by the General Government.

The bill passed—ayes, 29; noes, 11.

THE DALLES AND SANDY WAGON ROAD.

Mr. Savage—I now move to reconsider the vote on S. B. 16.

Mr. Fulton—I second the motion.

Mr. Hayden—I will state, for the information of the members, that this is the bill to appropriate $79,000 from the 500,000 acre fund to aid the construction of a wagon road from the Dalles to Sandy. I understand the gentleman makes the motion because the House was not full at the time the bill failed. I hope the House will reconsider the vote. I believe the majority here have favored a bill giving a large sum for the benefit of the Willamette valley, and I think it would be unjust to refuse to give those east of the Cascades a reasonable portion of the funds.

Mr. Fulton—I just want to say one word. I think the bill was lost under a misapprehension. It will be seen by a reconsidering vote that a majority seem to be in favor of it.

Mr. Dorris referred to Mr. Hayden's remark relative to allowing all parts of the State a reasonable proportion of the internal improvement funds, and said he opposed the bills to allow aid for the various other projects which would be put through—$125,000 for Coos Bay and Coquille River Canal, $20,000 for the Jackson County Wagon road, etc.

Mr. Whiteaker raised the point of order as to whether the motion pending was the correct one, and after some remarks on the subject by different members the motion was ruled out of order, and he moved to take from the table the vote whereby the motion to reconsider (made on last Friday) was laid upon the table.

Mr. Savage moved a call of the House and Messrs. Burnett, Comegys, Elkins, Grant, Hutchinson, Hunter, Rader, Thompson and Whalley were reported absent. Messrs. Whalley, Comegys and Elkins appeared and the call was dispensed with.

The Speaker stated that after the vote of Friday the bill had been returned to the Senate and still remained there.

The motion to reconsider prevailed by the following vote:

Ayes—Messrs. Alexander, Amis, Burnett, Caldwell, Clark, Carson, Comegys, Calloway, DeShiel, Earhart, Fulton, Helm, Lockhart, McLain, McCoy, Ostrander, O'Regan, Shuck, Savage, Townsend, Whiteaker, Whalley, Waldron and Mr. Speaker—24.

Noes—Messrs. Apperson, Carlisle, Drain, Dorris, Dunbar, Davenport, Hutchinson, Harrison, Holman, Hare, Munkers, Mills, Porter, Paquet, Quimby, Starkweather and Wells—16.

Mr. O'Regan—I move that the Clerk be instructed to ask the Senate to return the bill forthwith.

The motion prevailed.

A message from the Senate was announced returning the bill to appropriate $79,000 to aid the Dalles and Sandy wagon road.

Mr. Dorris—I move to indefinitely postpone the bill.

Mr. Hayden—I cannot see the propriety for such a motion after so much trouble to get the bill before the House. I think the majority would prefer seeing the bill killed upon its merits if it is to be killed at all. It is more respectful to this Senate to take a vote upon it, particularly after we have had so much trouble to get it before us.

Mr. O'Regan—I move the previous question. The bill has already been discussed.

The previous question was ordered, 25 ayes to 16 noes.

The motion to indefinitely postpone was lost—ayes 15, noes 26.

Mr. Helm (His name being called on the passage of the bill)—This bill is to be put through under the operation of the previous question. I supported this bill before when the Republicans were opposed to it. I now find those voting for it who were then strongly opposed to it. This indicates to me my duty. I never affiliate with the Republican party. I vote no.

Mr. O'Regan—(In response to his name)—I am a Republican. I stood by this bill all through. So the gentleman is mistaken. I vote yea.

Mr. Whiteaker—I desired to vote for this bill. I did not vote for its reconsideration, but I shall now vote against the bill because there are combinations here that I do not like. [Applause.]

Mr. Hayden—An explanations are in order I will explain my vote. Whatever combinations may have been made cannot drive me from voting as I believe my duty requires. I vote aye. [Applause.]

Yeas—Messrs. Alexander, Amis, Burnett, Caldwell, Clark, Carson, Comegys, Calloway, De Shiel, Earhart, Fulton, Hutchinson, Lockhart, McLain, McCoy, O'Regan, Porter, Shuck, Savage, Townsend, Whalley and the Speaker—22.

Nays—Messrs. Apperson, Carlisle, Drain, Dorris, Dunbar, Davenport, Holman, Hare, Munkers, Mills, Ostrander, Paquet, Quimby, Starkweather, Wells, Whiteaker and Waldron—17.

BILLS APPROVED.

A message from the Governor announced his approval of H. B. 40, an act to amend Section 5 of Chapter 53 of the general laws.

Also, S. B. 50, an act to authorize the loan of $10,000 to Baker City Academy.

Also, H. B. 55, an act to prevent frauds in elections.

Also, S. B. 22, an act supplementary to an act to perpetuate testimony.

Also, S. B. 67, an act to protect litigants.

SALARIES OF JUDGES OF THE SUPREME COURT.

A message from the Senate announced the passage, over the Governor's veto, of Senate Bill No. 52—An Act to prescribe the times of holding the terms of the Supreme Court, and to increase the salaries of the Judges. The bill is vetoed as in conflict with article VIII of the State Constitution, which fixes the salaries of officers and allows no fees or perquisites in addition.

Mr. Hare said he had given the subject mature consideration, and was still in favor of the bill.

Mr. Elkins had thought the Legislature could not raise the salaries of any officers. He was still of that opinion, but he was in favor of increasing the salary by an amendment to the Constitution. He had protested against the passage of the bill and would protest again.

Mr. Whalley said that, while holding a high opinion for the Governor's views, he was aware that there are lawyers of recognized ability in the State who believed the bill constitutional. He thought the Governor had overlooked the debates in the Constitutional Convention upon the Article. He was satisfied that the bill was constitutional.

Mr. Fulton—I desire to say one word. As you all know, I voted against this bill, and I believe that this act of the Governor is one of the noblest acts of his life. As the rod of Aaron, it will bud and blossom to his eternal honor hereafter, and if this House does not sustain him the people of the State will support him and the God of Heaven will support him. You know we have been long blaming the Republicans for trampling upon the Constitution of the United States, and we have blamed the Republicans for this very thing. Now where is the opposition coming from to the Governor's veto. From the same source as the violations of the other Constitution heretofore. Now they seek to trample under foot the Constitution of Oregon, and they ask this Democratic majority to help them to do it. What will people say when they go home? I hope to God they will keep them there. ["Time! time."] The people will "Time!" know who is right and who ["Time!"] is wrong. It will be found out, and they will be held responsible as sure as there is a God in Heaven. [Laughter.]

Mr. Carlisle thought the Governor's veto right as to the constitutionality of the bill.

Mr. Dorris—Our Governor may err, notwithstanding he is Governor, as well as any other gentleman. I have a very high regard for him both as a man and as a lawyer but I cannot forget that it has been but a few days ago that he approved the bill to take $35,000 of the school money, construing section 2 of article VIII of the Constitution in a manner that is—

Mr. Speaker—That section is not before this House, and the Chair will not permit it to be discussed.

Mr. Dorris—Very well. I was just going to show how men may differ in regard to the Constitution. The Judges of the Supreme Court are of the opinion that the salaries of officers can be raised by law. The section quoted by the Governor says they shall receive $2,000 a year but it does not say they shall have no more.

The Speaker—Gentlemen have a right to talk on this subject. Nearly every one has talked on it. The people will know their views and it is getting late, but talk on. [Laughter.]

Mr. Paquet favored the bill.

Mr. O'Regan said that as there is a doubt as to the power of the Legislature to raise the salaries of the Judges, he was in favor of giving the Judges the benefit of the doubt. [Laughter.]

The vote on the bill was reconsidered and the bill failed by the following vote:

Ayes—Messrs. Burnett, Caldwell, Clark, Carson, Dorris, Dunbar, Earhart, Helm, Harrison, Holman, Hare, Lockhart, McLain, McCoy, Ostrander, O'Regan, Quimby, Whiteaker, Whalley and Waldron—20.

Noes—Messrs. Alexander, Amis, Apperson, Comegys, Calloway, Carlisle, Drain, De Shiel, Elkins, Fulton, Hutchinson, Munkers, Mills, Porter, Paquet, Starkweather, Shuck, Townsend, Wells and the Speaker—20.

AMENDMENT TO THE CONSTITUTION.

Mr. Alexander—When the proper time comes I will offer a resolution which will obviate these difficulties. ["Consent." "Read."] I will send it up to the Clerk's desk.

The Clerk read:

Resolved, By the House, the Senate concurring, that the following Article be proposed in accordance with Section 1 of Article XVII of the Constitution of the State of Oregon, as an amendment to the Constitution of the State of Oregon which, when ratified by a majority of all the members elected to the sixth and seventh regular sessions of the Legislative Assembly of Oregon, and thereafter by a majority of the electors of the State of Oregon, shall be valid as part of the Constitution of this State.

ARTICLE 1, Section 1. The members of the Legislative Assembly shall receive for their services a sum not exceeding $6 per day from the commencement of the session, but such pay shall not exceed in the aggregate $300 as per diem allowance for any one session. When convened in extra session by the Governor they shall receive $6 per day, but no extra session shall continue for a longer period than 30 days.

SEC. 2. The Supreme Court shall consist of three Justices to be chosen by the electors of the State. They shall be citizens of the United States and shall have resided in the State at least three years next preceding the election. The Justices as chosen shall allot among themselves their terms of office, so that the term of one shall expire in two years, one in four years and one in six years. The Justices of the Supreme Court shall not perform duty as Justices of the Circuit Court, nor shall Justices of the Circuit Court serve as Justices of Supreme Court.

SEC. 3. The Governor shall receive an annual salary of $3,000; the Judges of the Supreme Court, the Judges of the Circuit Court, and the Secretary of State shall receive an annual salary of $2,000 each, and the State Treasurer shall receive an annual salary of $2,400.

The resolution was considered by sections and, on motion of Mr. Alexander, the first Section was adopted—ayes 26, noes 7, and the second Section—ayes 30, noes 4—without debate.

Mr. Alexander moved to adopt the third section.

Mr. Hare thought the matter of the salaries was a question which should be carefully considered. He believed the salaries put down for the Judges too small. The time will soon come in Oregon, he predicted, when able attorneys will receive for their practice from $5,000 to $10,000 a year, and he desired to see the salaries fixed high enough to command the best talent in the State. He offered to amend by leaving the salaries to be regulated by law.

Mr. Alexander called for the reading of the third section, and it was read.

Mr. Hare—I move to adjourn until to-morrow at 9 o'clock.

The motion prevailed at 5 P. M.

HOUSE—Morning Session.

SALEM, Tuesday, Oct. 25.

The House was called to order at 9 o'clock A. M. by the Speaker.

FEE BILL AMENDED.

Mr. Whiteaker, from the Committee of Conference on S. B. 8—An Act concerning fees of officers—reported a substitute for section 5, by which the counties of Coos, Curry, Josephine, Wasco, Grant, Baker and Marion are excepted from the operation of the bill, and the committee recommended the concurrence of the Senate in the House amendments. The report was adopted.

ANOTHER WAGON ROAD BILL.

S. B. 60—An Act to aid the construction of a wagon road from the north branch of the Malheur, where the Dalles Military road crosses the same to intersect the Quinn river and Silver City road, at or near the Southern boundary of Oregon. The bill was read the first time and the second time by title and ordered to its third reading. [This bill appropriates $5,000 to aid the road

THE PORTLAND CHARTER BILL.

Mr. Lockhart, from the special committee to whom was referred Senate Bill 77, an Act to amend the Act to amend the Act to incorporate the city of Portland, reported the bill recommending its passage with the amendment offered yesterday by Mr. Hayden, and with an additional amendment to allow any other company to build the road and receive the subsidy.

Mr. Lockhart—The committee have proposed but one other amendment, and that is to give to any other company the same right as is accorded to the Willamette Valley Railroad Company.

The bill as amended was read.

Mr. Whiteaker—I desire to vote for the bill if it is one that should pass. If I understand it to be a bill that should pass I desire to vote for it. I want to see the bill perfectly before I vote for it. I must frankly admit that I don't understand that the bill as read is a proper one. I think it was read as saying the Council may issue 3,000 bonds of $1,000 each. I presume this was a mistake, but I would suggest that the bill be copied as amended before we are asked to vote for it, so that we may vote intelligently. I make this suggestion as a friend of the bill to its friends. If put on its passage now I shall be compelled to vote against it, because I want to know what I'm voting for. This is what I mean, so I will act.

Mr. Lockhart—The committee are perfectly aware of the state in which the bill is left, but they had no right to have done otherwise than report it back without including the amendment in the bill. They were not adopted by the House, and were, therefore not a part of the bill. I think myself, that to copy the bill with the amendments placed in the right sections, would be a proper course to pursue.

Mr. Helm—In order that we may understand what the amendments are, I move that this be postponed until 2 o'clock P. M., and that in the meantime the amendments be copied.

Mr. Whiteaker—I move that the committee be allowed leave of absence.

The motion prevailed.

Mr. Amis—I move now that we adjourn until the committee report, at 2 o'clock. [Several voices, Oh, no!]

PILOT COMMISSIONER—INCORPORATIONS.

S. B. 76, an Act to establish a Board of Pilot Commissioners for the Umpqua river was read the first and second times.

S. B. 56, an Act to amend an Act to provide for private incorporations, was read the first and second times, and ordered read the third time to-morrow.

BURLINGAME TREATY.

A message from the Senate announced the adoption of a resolution asking Congress to abrogate the Burlingame treaty with China.

Mr. Carlisle moved to concur in the resolution.

The motion prevailed—ayes 24, noes 8—Messrs. Apperson, Carson, Harrison, Paquet, Holman, Olney, O'Regan and Starkweather.

S. J. M. 6, asking a grant of land in aid of a wagon road from Snag Harbor, Douglas county, to Siuslaw, Lane county.

The President announced the appointment of W. L. Gaston of Yamhill county, as Sergeant-at-Arms for the remainder of the session, Mr. Howell having been called to Virginia City as a witness before a Grand Jury.

Mr. Whiteaker—We have had trouble all the morning about getting a quorum to work with. I would suggest the propriety of instructing the Sergeant-at-Arms and Doorkeeper in the aisles of the House and at the doors, that they be armed with batteries and clubs, with instructions to keep members from running off. [Laughter.]

S. B. 1, an act to provide for the relinquishment to the United States in certain cases of the title to lands for lighthouses—was read the first and second time.

PUBLISHING LAWS—SCHOOL TAX

S. J. R. to print in pamphlet form 500 copies of the School and Revenue laws of the State, was adopted.

S. B. 53. An Act for the relief of Wasco county was read the first and second times.

S. J. R. 27 prohibiting the introduction of new bills after Friday, the 30th inst., was placed on file, the House having adopted a similar resolution.

S. B. 70, An Act to increase the school tax to 4 mills on the dollar, was read the first time.

Mr. Amis moved to reject the bill. The motion failed—ayes, 6; nays, 20, and under suspension of the rules, the bill was read the second time by title.

Mr. Shuck moved to amend by striking out 4 mills and insert two mills.

The Speaker—I wish you would adjourn. I want to go to dinner. [Laughter.]

Mr. Apperson—I move to adjourn. The motion prevailed at 12:20.

The Shivering Season.

The loss to the laboring classes of the United States caused by fever and ague has been estimated at upwards of two million dollars per annum. Whole settlements are sometimes prostrated by the disease, and it is regarded in some localities, as one of those visitations of Providence which cannot be avoided. This is a mistake. As certainly as any of the evils which are invited by neglect may be forestalled by precaution—so certainly may an attack of intermittent (or remittent) fever be prevented by invigorating the system with Hostetter's Stomach Bitters, in advance of the season, at which this malady prevails. Prevention, it is needless to say, is the wisest policy; but it is consoling to know that where time has not been thus taken by the forelock, and the paroxysms have actually commenced, a complete cure may, in all cases, be rapidly effected by the use of this powerful vegetable tonic. The reputation of the Bitters as a specific for dyspepsia, liver complaint, constipation and nervous debility, has in some measure thrown into the shade its merits as a preventive and cure of other ailments, but all who have ever taken it, either as a protection against or a remedy for malarious fevers, will admit that it surpasses in efficiency all the so-called specifics (including quinine), usually prescribed for these maladies, while it is at the same time entirely harmless and decidedly palatable.

DR. PIERCE'S

ALT. EXT. OR GOLDEN MEDICAL DISCOVERY

This is the most thorough blood purifier yet discovered, and Cures all Humors from the worst Scrofula to a common Eruption. Pimples and Blotches on the face, and scaly or rough skin, which are such annoying blemishes to many young persons, yield to the use of a few bottles of this wonderful medicine. From one to eight bottles cure Salt Rheum, Erysipelas, Scald Head, Ring Worms, Boils, Scaly Eruptions of the Skin, Scrofula Sores, Ulcers and "Canker" in the Mouth and Stomach. It is a pure medicinal extract of native roots and plants, combining in harmony Nature's most sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick. It is a great restorer for the strength and vigor of the system. Those who are languid, sleepless, have nervous apprehensions or fears, or any of the affections symptomatic of weakness, will find convincing evidence of its restorative power upon trial. If you feel dull, drowsy, debilitated and despondent, have frequent Headaches, mouth tastes badly in the morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Biliousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal as it effects perfect cures, leaving the liver strengthened and healthy. For the cure of Habitual Constipation of the Bowels it is a never failing remedy, and those who have used it for this purpose are loud in its praise. In Bronchial, Throat and Lung Diseases it has produced many truly remarkable cures, where other medicines had failed. Sold by druggists at $1 00 per bottle. Prepared at the Chemical Laboratory of R. V. PIERCE, M. D., Buffalo, N. Y.

The Valley of Ajalon

[illegible]

The [illegible] gives an interesting account of a visit to Joshua's battle field

In our way up the difficult hill we had fallen into quite a vigorous discussion concerning one of the historic reminiscences for which Upper Bethoron is famous. There can be no doubt of its authenticity—the locality in which was wrought out the great victory of Israel over the Amorites. This incident however [illegible] from what is generally termed the miracle of Joshua when he bade the sun and moon to stand still. We were in full view of Gibeon and the valley of Ajalon. We were [illegible] the [illegible] steps down which the foe was driven discomfited. And if the record is literal [illegible] facts and not figure then we [illegible] that [illegible] where in full sight [illegible] the exact spot upon which the unseen brakes were applied to the wheels of this solar system bringing it to a mighty stop for twenty four hours.

After a dizzy hardworking plunge down into a verdant valley over [illegible] smooth worn and very slippery we fell into the line of an ancient Roman road where the path had been originally constructed of heavy flagging stones like cyclopean pavement [illegible] way was [illegible] it was actually cut in the living rock and the steps made excellent footholds for the horses. There is no use in denying however that this forenoon's work put the test to our endurance; the jar of stepping up and down these stone stairs is after a while a serious infliction.

Right before us now lay the little rude village of Gibeon the modern name of which is El Jib. Leaving our less adventurous ladies to wind their way around among the beautiful vineyards and orchards lying [illegible] their white [illegible] against the deep green of the olive trees scattered in the wide [illegible] we rode directly up to the precipitous hill on the irregular summit of which the hamlet now stands. It seemed actually [illegible] to [illegible] eye but somebody found a zigzag road among the layers of rocks and led our way. I never believed myself to be much of a horseman. It has ever been my misfortune to keep going over the head or tail of the animal. But after reaching the top of that cave like village, I felt so proud in my mind that I verily believe I might with proper training have been fit for an ordinary circus.

It afforded no little amusement to us all when, after those frantic endeavors, we at last confronted each other on the narrow dirty ridge, to put the serious inquiry why any one of us had attempted it—what we went forth for to see? For there was nothing actually at the spot worth climbing after. And somebody was unfortunate enough to quote the opening sentence of that confused orator in a debating society: I rise Mr President, to tell you what I rose for!

"Even the associations of this place could have been more contemplatively recalled far out of reach of the snarling dogs the multitudinous fleas and the unutterable stenches of that indescribable pack of hovels. Only one thing grew clear as a piece of scripture exposition from the visit. Nobody need ever ask me where the Gibeonites got the old sacks upon their asses" with which they deceived Joshua, the wine bottles old and rent and bound up the old clouted shoes upon their feet; and old garments upon them and old bread dry and mouldy. There are plenty of such things right in the midst of this most forlorn town.

It was hard to believe this desolate spot had once been a great city as one of the royal cities. We had to push imagination hard to recall the fine history enacted on that stony hill. This was really the high place of Gibeon. We remembered that here Solomon had his dream and received the eminent wisdom that penned the Proverbs. Here Amasa fell under the treacherous weapon of Joab, and here Asahel's fleet foot was stayed in sudden death. Here Asaph sung and Obededom ministered in famous days when the tabernacle, constructed by Moses from patterns given him in Sinai stood upon the eminence. Here rested the altar of burnt offering until the temple was finished for its final abode on Mount Moriah. It is sad to see how the village has fallen. Hewers of wood and drawers of water, the inhabitants became after the battle which gave them their freedom.

The October Elections

[From the Chicago Tribune Oct 13]

The result of the October elections shows if anything were needed to do so the utter impotency and imbecility of the Democratic party. Never was there an occasion when they could have served there country and lifted themselves from the dust so easily, and yet they were unable to accomplish anything. Last year there was an election in Ohio for Governor; at that election the party carried for their candidate some sixteen of the Congressional Districts of the State, but fell short of electing the Governor. This year, despite the nomination by the Republicans of a number of weak men, and of men who might well have been exchanged for respectable men of any party, the Democrats have failed to make the least gain in Congressmen; on the contrary, have lost some of the few they had previously. In some districts in Ohio and in Pennsylvania where the Republicans were disgusted with either running two candidates or staying away from the polls offered the Democrats a fair chance of electing a new man the latter were unequal to the task of doing so. The fact is, the party has so utterly lost public confidence that if it could elect a candidate by the acquisition of six votes to its ordinary strength it would fail to do so. The reason for all this is apparent. Wherever there is a district so Democratic that a nomination is equivalent to an election, that party is always certain to nominate a Representative of the old malignant stripe, who is forever looking backward and expects to see slavery Southern domination and the Democratic party rearise together and in the condition they were twenty years ago. These men talk of taxing the government bonds repudiating any further payment of interest on the debt and bankrupting the national credit by issuing thousands of millions of dollars of irredeemable paper notes. They talk of State rights and national despotism just as these things were talked of in the Confederate Congress and freely express their sympathy for their Southern brethren who are taxed to pay the cost of their own subjugation. This is the real sentiment of the Democratic party as spoken and taught where that party is in the ascendancy. Where the party is in a minority, it is less outspoken, is more cautious, and many even attempt to ignore their brethren elsewhere but the least shadow of hope of success, destroys their prudence, and they break through their enforced restraints and avow the [illegible] of their party. Then they are defeated. There were at least eight Republican candidates for Congress at the October election who might have been [illegible] with great public profit and who would have been defeated had the Democratic party the least recommendation to public confidence. But the people will not trust that party will not place power in its hands will not risk the national credit by giving these men the power to destroy it. The people are taxed most enormously and unnecessarily. Two thirds or three-fourths of the people want a reform of the tariff and of our whole revenue system but in spite of their suffering and distress when the choice comes between a high tariff brawler and a repudiator they accept the former. They will not touch the latter. His associations and his party prejudices and hatreds render it too great a risk to trust him with power.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases such as Gonorrhœa Gleet Stricture, Syphilis in all its forms Seminal Weakness Impotency etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated

Horrible Diseases

How many thousands of persons both male and female are there who are suffering out a miserable existence from the effects of secret indulgences or from virus absorbed into the system! Look at their pallid emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents guardians friends attend to those who are suffering with any of these horrible life-destroying maladies see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon a physician who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe, and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness

Seminal Weakness the consequence of self-abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz Sallow countenance dark spots under the eyes pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs, confused vision, blunted intellect loss of confidence diffidence in approaching strangers a dislike to form new acquaintances, disposition to shun society loss of memory hectic flushes pimples and various eruptions about the face furred tongue fetid breath coughs consumption night sweats monomania and frequent insanity. If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollar to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks

MARRIED MEN,

Or those who [illegible] marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them no delay to obtain immediate relief

DOCTOR GIBBON's responsible and will give to each patient a [illegible] instrument binding on [illegible] radical and permanent cure or make no charge

THE RIVERSIDE

HOMESTEAD ASSOCIATION

OF

EAST PORTLAND, OREGON

IS NOW PREPARED TO RECEIVE SUBSCRIPTIONS to their Stock

Applications for ONE HUNDRED SHARES were made before the books were opened and a large number of Shares have been taken

The following extracts from the *Oregonian* and *Bulletin* will convey a good idea of the plan and workings of the Association the location of the land, etc., etc.

RIVERSIDE HOMESTEAD ASSOCIATION.

This association of whose organization we gave an account a few days since is now ready to dispose of shares. As it is with one exception (the Portland Homestead Association) the first organization of that kind in this city, it may be well enough to state what are its purposes, and the manner in which it is proposed to conduct its operations. The purposes of these Homestead Associations are not at all speculative in the ordinary sense of the word. They are [illegible] for the profits of their investment upon the natural advance in the value of their lands consequent upon the co-operation of many individuals—shareholders—and the advance on values of surrounding lands by reason of the [illegible] population and demand for room outside [illegible] still near the city. The Riverside [illegible] Association has a fraction over one hundred and twenty acres of land situated just south of Brooklyn on the east side of the river, the southeast boundary line being about one mile from the ferry landing at East Portland. [illegible] in one strip along the Wallamet river, half a mile in length and another strip along the Oregon and California railroad, half a mile in length, the two strips being connected near the middle by two rows of blocks (with a street between) the whole forming a figure not unlike the letter H. It is divided into 74 blocks, 200 feet square, with streets running at right angles, and [illegible] lots along the river front. The shares number 600, worth $60 per share. [illegible] a share thus represents nearly a lot with an undivided interest in the 80 front [illegible] lots. [illegible] tional shares are to be sold off at [illegible] for the benefit of the Association [illegible] coming in for the proceeds in [illegible] number of shares held. When [illegible] taken and the [illegible] mine to do it the choice of lots and blocks will be put up at auction to the highest bidder the proceeds of such sales, after the original price of shares [illegible] equally among the whole. Thus, if a person wants a particular lot or block and is willing to pay $100 or $200 [illegible] or less as the case may be, he pays it, and takes the lot or block as his individual property, the premium being divided among the whole of shareholders. It will be seen that everything is co-operative, and all [illegible] No man can make a dollar out of it without also making a dollar for every other shareholder. There is no chance for [illegible] the property, by [illegible] far below the first actual cost. [illegible] liable to happen in the case of this tract of land must be judged by [illegible] but considering the steady and rapid advance on real estate in this city and neighborhood and at East Portland and vicinity within last year or two, it [illegible] values to go back.

In the Riverside Association all proper precautions seem to have been taken to guard against monopolies of shares. No person is allowed to buy more than the number of shares [illegible] three blocks or twenty-four lots, and [illegible] terminating the operations of the [illegible] restricted in the same manner. The [illegible] shares may pay down $60 per share [illegible] exempt them from all [illegible] pay $15 quarterly with an [illegible] share payable with the first [illegible] liable in this latter case to another (and only one other) assessment of $5 per share. [illegible] payment of the shares in full, with the [illegible] as above, the holder is entitled to his [illegible] and his proportion of all the profits accruing from all sources. No officer of the Association [illegible] any pay for services except the [illegible] gets $25 per month, so it will be seen that the expenses must be light.

That part of the tract lying along the river is a high plateau, nearly level, about 40 to 50 feet above the water. There is no part of the first row of blocks but commands a [illegible] view of Portland and the river for miles up and down stream. That part of the tract lying along the railroad is every foot of it, of the richest kind of soil and adapted to gardening purposes. A beautiful little stream of pure water flows through almost the entire length of this wing of the tract, affording the means of irrigation, and [illegible] sufficient to supply pure water to every part of the whole tract. There is not a waste lot or [illegible] lot in the entire tract. Under all these advantages it would seem impossible that there should be any chance of loss to shareholders. Within a year each shareholder, if he chooses, may get a perfect title to as many lots as his shares may represent or he may continue his interest undivided with the Association while the organization may exist.—*Oregonian.*

THE RIVERSIDE HOMESTEAD ASSOCIATION.

We have been led to make these remarks from the fact that the subject of [illegible] in the outskirts of this city and East Portland [illegible] discussed here among all classes, and one has already

Riverside, just south of East Portland, has already been established. The site selected is a tract of land lying a little over a mile south of the ferry landing. It is shaped like the letter H, one side of which, a half mile in length borders on the river

[illegible] portion of the homestead, which is placed but a trifle above the other [illegible] forty or fifty feet above the river, [illegible] view of Portland, East Portland, the shipping and the Wallamette river for several miles. [illegible] and is partly covered with light fir timber [illegible] tract [illegible] just wide enough for two rows of blocks with an avenue between them, connects the two [illegible] of the H (which has already been described) with the [illegible] east. This last tract of land is in a beautiful little valley which is now under a high state of cultivation [illegible] whole length runs a trout brook [illegible] clear as crystal. With a hydraulic ram [illegible] to have water conveyed through pipes to every portion of the homestead.—*Bulletin.*
